

Software Developer TRAINING PROGRAM

**The future of work is changing. Become a part of this change
by learning how to use automation technology.**

The **School of Automation** is on a mission to find talented people with the potential to build a rewarding career in process automation. We are offering fully supported industry specific training that can lead to an exciting career in the world of new technologies.

As part of the program, you will receive

- ➔ Training from our technical industry experts
- ➔ Opportunity to get hands on practical experience and work on live projects
- ➔ Valuable client and business context of how to use your new skills
- ➔ Remote online training, allowing you to take part from any location in Scotland
- ➔ Opportunity of an interview and employment on completion

What are the eligibility criteria's?

It's simple. You should be;

Aged 25yrs or over, in receipt of benefits or Universal Credits and live in Scotland

Available for an 8 week full time programme starting 24th January 2022 - 18th March 2022
